Dear Mr. Cody:

The California Environmental Protection Agency (Cal/EPA), Office of Emergency Services, Office of the State Fire Marshal, Department of Toxic Substances Control, and the State Water Resources Control Board conducted a program evaluation of the Livermore-Pleasanton Fire Department Certified Unified Program Agency (CUPA) on January 11 and 12, 2005. The evaluation consisted of a review of program elements, an in-office program review and field oversight inspections. The State evaluators completed a Certified Unified Program Agency Evaluation Summary of Findings with your agency's program management staff, which includes identified deficiencies, with preliminary corrective actions and timeframes, program observations and recommendations, and examples of outstanding program implementation.

Cal/EPA has received documentation of corrective actions taken by Livermore-Pleasanton Fire Department for the deficiencies found during the evaluation process. After reviewing the Evaluation Summary of Findings and the documentation of corrective actions, Cal/EPA finds that all deficiencies noted in the Evaluation Summary of Findings have been corrected.

Cal/EPA appreciates the actions taken by Livermore-Pleasanton Fire Department. Based on these corrections, Cal/EPA has modified Livermore-Pleasanton Fire Department's rating on the 2005 evaluation from satisfactory with some improvement to meets program performance standards.
